Revisions		
Rev0	13 Feb 13	Spreadsheet created.
Rev1	20 Dec 13	Added USB3 ICX625/808/674/694/814/285/4000 & IMX174, GSR-002 drawing revised (no change to solid), created GSR-003/004/005/006

Notes:

1) Lens thread depth is not accuate in the model, 6mm shown but may be greater than that.

2) Early GS3 cameras with the icx674 had machined case and 1" optical format. Later cameras were casted and had a 2/3" optical format.
